Sidewalks Must Be Repaired, City Ultimatum

OWNERS OF PROPERTIES GET DEMAND

Unsafe Conditions Are to Be Remedied at Once

ORDERS ARE SENT OUT

Court Action to Follow Delay in Repair Program

Property owners in Lima business district with defective sidewalks must repair their holdings or face civil action in court.

This ultimatum issued Thursday by City Manager C. A. Bingham culminates a three year effort for better sidewalks and climaxes the campaign instituted here several months ago.

War to the finish threatened by Manager Bingham, supported by city commissioners, has just started with the city determined on a "show down" for sidewalks that don't resemble country roads.

"Property owners will either repair their sidewalks or the city will do so and then institute court action to collect the cost of the work," Manager Bingham declared Thursday in his edict.

While the city has been lenient for three years the time is at hand when a showdown must be demanded, according to the city manager who claims that if property owners repair their sidewalks the cost will be lower than the city's because if civil suit is instituted and the judgment returned against the property owner he will have to pay the costs in addition to the repair bill.

WARNING GIVEN

Final warnings with instructions for immediate action mailed out by City Engineer John Jewhurst on orders of the city manager take in the entire business section with the city's demands stressed for repairs without delay.

"Three years' time to fix sidewalks has been sufficient, in fact, too long," Bingham declared.

"Persuasion failed and now the city is to take the initiative."

Several property owners included in the campaign were in city hall Thursday morning and met with Jewhurst by the city manager in a plea for concession.

"Fix your own sidewalks or we will do so and sue you for the cost," Bingham replied as attempts to postpone the work were offered.

Engineer Jewhurst has specific instructions to wait several days to allow property owners to "think it over."

If action is not taken, the city will place a force of men to work and start a general repair campaign.

Surveys of the city shows that walks in front of many business houses are not only in need of repair but are dangerous for travel.

On the public square, where owners should cater to the pleasure of citizens, a number of sidewalks are filled with sink holes, while on N. Elizabeth-st., W. North-st. and W. High-st. a similar condition exists.

MEETS DEFEATS

RAMSAY MACDONALD

PARLIAMENT TO BE DISSOLVED

Fate of British Government Put up to People

ELECTION TO BE HELD SOON

Fall of Labor Cabinet is Expected to Result

BULLETIN

LONDON—(By United Press)—Prime Minister MacDonald today took his case to the country.

Appearing in the house of commons following defeat of his Labor government, the prime minister announced that a general election will be held October 29.

LONDON—(By Associated Press)—King George, waited on by Premier MacDonald this morning following the government's defeat in the house of commons last night, agreed to the dissolution of parliament.

MacDonald left Buckingham Palace after an audience which began at 10 o'clock and lasted an hour.

It was officially announced that he had asked the king for the dissolution of parliament in line with his previously announced policy of appealing to the country thru a general election to approve the course pursued by his government.

THIRTEENTH DEFEAT

LONDON—(By United Press)—Premier MacDonald today requested King George to dissolve parliament, thus necessitating a general election.

The prime minister made known his decision to the cabinet when he returned to Downing-st after a 45-minute conference with the king in Buckingham palace. His announcement was expected following the Labor government's defeat in the house of commons last night upon a Liberal proposal that a committee be appointed to investigate dropping of proceedings against a communist editor who had been charged with sedition. The vote was 264 to 198, the conservatives solidly backing the proposal.

PROBABLE ELECTION DATE

Election day probably will be set for November 8, as there is little likelihood the king will refuse to grant a dissolution.

The Labor cabinet, the first to hold office in England, is not expected to resign until the nation has stated its judgment at the polls and then only if the vote is against the party.

When the house of commons reconvenes late today it is believed MacDonald will have gained the king's assent to this effect.

The adverse vote last night was the thirteenth defeat incurred by the Laborites in their nine months in office. Political observers generally believe the Conservatives will make gains in the election, the Laborites holding their own and the Liberals losing.

KANSAS GIRL NAMED QUEEN

Princess Ohio Strong Contender for Honors at Tulsa

Miss Ramona Trees, Winfield, Kan., was chosen Queen Petrolia late Wednesday evening by judges at the International Petroleum Exposition at Tulsa.

She was crowned queen at an elaborate ceremony on the exposition grounds following the decision of judges.

Competition in the contest was particularly keen, in which Princess Ohio, Miss Ruth Patton, Delphos, sent to the exposition by The Lima News, was one of the principal contenders. Judges wrangled several hours before a decision was reached.

Miss Trees is a beautiful young woman, the daughter of a prominent oil family in Kansas. She was sent to the exposition by the Wichita Eagle, one of the leading Kansas newspapers.

Besides Miss Trees, the following young women participated in the contest: Miss Catherine Bowd, Oil City, Pa., sent by the Oil City Derrick; Miss Margaret McCormick, Tulsa, chosen by the Tulsa World; Miss Evelyn Kelly, Louisville, Ky., sent by the Louisville Times; Miss Lucille Haynes, Shreveport, La., sent by Shreveport Times; Miss Dorothy Logan, Douglas, Wyo., sent by the Casper Tribune; Miss Evelyn Florence Conrad, Greeley, Col., sent by the Rocky Mountain News; Miss Vivian Taylor, Coleman, Tex., sent by the Ft. Worth Star Telegram; Miss Glovia Math, El Dorado, Tex., sent by the El Dorado News; Miss Margaret Trainer, Salina, W. Va., sent by the Clarksburg Telegram; Miss Wana Edwards, Fayette, Mont., sent by the Billings Gazette and Miss Patton.

Dispatches from Tulsa say that Miss Patton, chosen by many as the most beautiful, was one of the strongest contenders for popular approval thru the contest. Her artistic beauty captivated the thousands who saw her and she could have been named queen of the exposition without causing a ripple of disapproval, it was said.

The exposition closes Saturday. Miss Patton attended the queen's ball Wednesday night. After the parade Thursday she went to Muskogee to visit relatives and will return to Tulsa Friday. She and her chaperone will leave for home some time Saturday, arriving late Sunday or early Monday.

5 CARS SMASH IN COLLISION

New York Central Express Crashes Into Freight

CLEVELAND—(By Associated Press)—A New York Central freight train traveling at a high rate of speed crashed into the rear end of a New York Central freight train near Painesville last night, telescoping the rear cars of the freight train and injuring four Cleveland railroad men, one possibly fatally.

Five cars of the freight train were demolished.

The engine of the express train was derailed and half buried in soft clay at the side of the track. The injured, taken to Lake County hospital, Painesville, follow:

Charles Blakely, buried in the wreckage. Reported to have a fractured skull. Condition serious, may die.

Rail Savich, 23, suffered deep cuts about the head and limbs.

George McCarthy, 22, bruised and cut.

Elmer Peterman, 21, chest crushed, feared to be seriously hurt internally.

The wreck occurred when the freight halted to run onto a siding to allow the express train, which left Cleveland about forty minutes after the freight, to pass it.

The freight failed to get onto the siding in time to clear the track for the express train.

SHE WINS BEAUTY CONTEST

MISS RAMONA TREES

Miss Trees, Princess Kansas at the International Petroleum Exposition at Tulsa, Okla., was chosen as "Queen Petrolia" from among the 12 contestants from various oil producing states. Miss Ruth Patton, Delphos, represented Ohio.

CHURCH CONGREGATION IS THREATENED WITH ARREST

Alleged Noise-Making Must Stop, Officials Order

POLICE TO GUARD DOOR

Citizens of Norval-av Protest Against Services

Wholesale arrests of members of the First Baptist Holiness Church of God are threatened by City Manager C. A. Bingham and Police Chief T. A. Lanker if the congregation refuses to cease its repeated rantings while conducting their services in an old frame building on Norval-av, between Fourth and Fifth-st.

Police officers are being stationed near the church during hours of service with orders to arrest the congregation if the demonstration becomes a nuisance.

This announcement Thursday followed a conference between City Manager Bingham and Police Chief Lanker after previous complaints by residents in that vicinity had failed to remove the alleged nuisance as Norval-av residents fear to the manner in which the services are conducted.

Charges of disturbing the peace are to be filed against any member of the religious cult arrested according to Lanker who says the residents in the vicinity of the church will testify in court for the city.

The First Baptist Holiness Church of God gained prominence

several months ago when a flood of protests were filed with Bingham and Lanker.

Families living within two blocks of the church declared in their complaints that they were unable to sleep by the noise which sometimes continued until into night.

Lanker in acting on the first complaints issued warnings to the congregation and Fire Chief John Mark attempted to have the building condemned because of alleged unsanitary conditions but failed.

A second flood of protests poured into police and city hall headquarters this week and resulted in the conference and the determination of officials to bring a reported noise ordinance against the whole congregation.

Execution of Wife Murder Stayed by Donahay

COLUMBUS—(By Associated Press)—James Brady, Sandusky, wife murderer, who was to have been electrocuted at the Ohio penitentiary at midnight tonight, was given a third reprieve yesterday by Governor Donahay.

Date of execution was set forward to November 14, pending examination of records and holding of a hearing, if necessary.

SIXTH CONTEST IS TAKEN BY HARRIS OUTFIT

GRIFFITH STADIUM, Washington — Buck Harris' Senators came from behind today and evened the World's Series count by defeating the New York Giants in the sixth game of the classic.

The seventh and deciding game, barring a deadlock, will be played Friday at Washington, that organization winning the toss of the coin Wednesday. It is expected that the greatest baseball crowd that ever viewed a game in the nation's capital will be on hand Friday when the two teams battle for world honors.

The Senators fought a game fight today, winning against odds that have appeared against them thruout the series. The first bad break was the loss of the star shortstop, Peckinpaugh early thru injury. The other was the inability of Walter Johnson, star hurler, to hold the giant sluggers safe in the two games he worked.

The weather was fine, the chilly breezes that swept the Polo Grounds Wednesday being replaced by a warm sun that made for ideal baseball conditions.

Today's game, play by play:

SHENANDOAH ON SECOND LEG

Navy Dirigible Leaves Fort Worth for San Diego

FLIES AHEAD OF SCHEDULE

Makes First Lap of Journey in 34 Hours

(BULLETIN)

FORT WORTH, Texas—(By Associated Press)—The Shenandoah, which left Fort Worth at 11:45 a. m. this morning on account of taking on supplies sailed westward from Fort Worth at 1:15 a. m.

FORT WORTH, Texas—(By Associated Press)—Favorable weather was promised today for the second leg of the transcontinental flight of the big navy dirigible Shenandoah, which was moored to a 160 foot mast here last night after her hop from Lakehurst, N. J. It was the first time a dirigible ever landed west of the Mississippi river.

Today's course was charted along the Texas and Pacific railroad to San Diego, Calif., the route recently traversed by the United States army around-the-world flight. The next stage will be to the terminus of the history-making flight, Camp Lewis, Lakeview, Wash. The return will be made over the same route to take advantage of the mooring masts especially installed here and at San Diego. The jumps measure approximately 1,400 miles each.

The first leg of the flight was unusually successful. Rear Admiral W. A. Moffett, chief of the bureau of naval aeronautics and official observer of the trip, declared:

"The ship sailed from Lakehurst at Fort Worth in approximately thirty-four hours, arriving about eight hours ahead of schedule. Actual performance of the ship was in all respects better than the schedule. Admiral Moffett said. Her speed was faster and fuel consumption less."

According to the record of the engine, less than one gallon of gasoline was used per hour. The ship is propelled by five six cylinder motors, each of 200 horse power. The quantity of lubricating oil was too small to be of record, the motors maintained an average engine speed of 1,000 revolutions per minute.

During the night the ship was moored within a half mile of the only helium extracting plant in the world. This gas, which is non-combustible is used exclusively by the United States military authorities for it was the discovery of an American and American industry that solved the only economical method of extracting it from natural gas.

PLANE WITHOUT ENGINE

DREAM OF AIR EXPERTS.

PARIS—(By Associated Press)—An airplane without engine or propeller in the ordinary sense, the dream of experts now making experiments for the French Air Service. The "Rocket-plane," as it is called, will have its motor power stored inside the cabin of the machine itself. The apparatus will produce gas under pressure in a combustion chamber and then eject it, at the rear of the machine, by a kind of nozzle. This will set up a reaction which, it is claimed, will drive the plane as much greater speed than an ordinary motor could do. A theoretical speed of over 300 miles an hour is claimed by the use of this "jet" propulsion system. The experiments are not far enough along for actual tests.

It is believed the women did not see the approaching train as they had stopped on the crossing while a westbound freight train passed.

DIVORCE ASKED

Girl Who Attempted Suicide Seeks Separation

Sequel to the tragic attempt of Evelyn Blakely, 17, of 521 S. Fifth, to end her life by taking poison, was written in common pleas court Wednesday when the girl-wife instituted action for divorce against Huston Blakely, buttermaker.

She charges that the defendant has abandoned her and their two children, Robert 3, and Huston E. 7 months. She also avers that Blakely choked her and threw her over the edge of a bath tub and on another occasion struck her, rendering her unconscious for 10 minutes. The names of other women whom she says are going with the defendant. Hearing on temporary alimony and custody of the children will be held Oct. 11.

ICE CREAM MAKERS TO PLAN RETAIL METHODS

Within the last year Ohio ice cream manufacturers have spent a million dollars for iceless or mechanical ice cream cabinets, in an effort to deliver ice cream to the consumer in better condition, according to W. A. Wentworth, secretary of the Ohio Association of Ice Cream Manufacturers, of which R. L. Graham, Lima, is a member of the board of directors. The association is planning to spend \$2,000,000 more, it is announced. For the purpose of developing the latest information obtainable regarding the proper storage of ice cream in retail shops, members of the Ohio association will meet at Columbus, Oct. 16. John Schubach, Canton, is the president.

LIVE STOCK TRUCKING MAY BE STARTED HERE

Allen-co is named by the Ohio Farm Bureau federation, among others in the state, including Paulding, Hardin and Shelby, in which steps are being taken to inaugurate either trucking or co-operative service, both in the handling of livestock, under the co-operative plan. Van Wert and Darke-co live stock co-operatives have already started handling a large portion of their volume of business in this manner, it is announced, establishing the use of motor trucks and providing concentrating yards. The use of yards at which livestock may be gathered before shipment offers a number of advantages, according to officers of the federation, giving better opportunity for sorting, so that uniform stock may move directly to packers without going to terminal markets, thus increasing returns to the producer.

IMMIGRATION IS BEING CHECKED

Consuls Calm Toward Those Seeking Admission

HAMBURG—(By Associated Press)—America's new restrictive immigration law is being applied with a vengeance, and consuls are calm toward those seeking admission to the United States as a result of the law. The law is a rare privilege and not a right, as many had previously believed. The burden of proof is now on the applicant for admission to the United States, and consular officials sit as judges upon the fitness of the applicants and the reliability of their statements. As only slightly more than 5,000 Germans emigrate can be passed monthly, and this number is divided among ten consular offices, the old days of rush and shove about in consular offices are largely over.

LIMA BUS OPERATOR IS DEPRIVED OF LICENSE

MAKES FAT PEOPLE SLIM
New York Physician Perfects Harmless Method of Reducing Weight

The loss of as much as a pound of excess fat a day with no harmful results is the record made by many patients of Dr. R. Newman, a licensed practicing physician of 286 Fifth Avenue, New York, who announced that he has perfected a treatment which has quickly rid fat people of excess weight. What is more remarkable is the Doctor's statement that he has successfully treated thousands of patients for fat reduction without change of diet or unnecessary exercise. It is also said that fat people who suffer from chronic rheumatism, gout, asthma and high blood pressure obtain great relief from the reduction of their superfluous flesh. Realizing that this sounds almost too good to be true, the Doctor has offered to send without charge to anyone who will write him a free trial treatment to prove his claims, as well as his "Pay-when-reduced" plan. If you want to rid yourself of superfluous fat, write him today, addressing Dr. R. Newman, 286 Fifth Avenue, New York City, Dept. R. Adv.

MAN THREATENED WITH DEATH, REFUSES HELP

NIAGARA FALLS—Police today took steps to rescue the lone occupant of a gasoline cabin cruiser, stranded in the Niagara river 200 yards above the rapids approaching the falls. Should the cabin be lifted from the rocks it would be carried into the rapids and perhaps over the falls. The man, who refused to give his name, said that he was enroute from Cleveland to New York on a pleasure trip. He refused all offers of help last night.

As only slightly more than 5,000 Germans emigrate can be passed monthly, and this number is divided among ten consular offices, the old days of rush and shove about in consular offices are largely over.

One of the striking results of the new law probably will be that hundreds of foreign men who have not become citizens in America will be compelled to return to Europe. If they want to join their families. This because the wives and children of non-Americans in the United States are not given special treatment, and many of them will not be able to get permission to go to America for years because of the small quotas.

It is not clear whether the law was framed intentionally to produce this effect, but scores of distressed women are now beseeching the consulates seeking advice about what action to take. They can only be told, if they desire a speedy reunion of their families, that their husbands had better return to Europe.

The loss of as much as a pound of excess fat a day with no harmful results is the record made by many patients of Dr. R. Newman, a licensed practicing physician of 286 Fifth Avenue, New York, who announced that he has perfected a treatment which has quickly rid fat people of excess weight. What is more remarkable is the Doctor's statement that he has successfully treated thousands of patients for fat reduction without change of diet or unnecessary exercise. It is also said that fat people who suffer from chronic rheumatism, gout, asthma and high blood pressure obtain great relief from the reduction of their superfluous flesh. Realizing that this sounds almost too good to be true, the Doctor has offered to send without charge to anyone who will write him a free trial treatment to prove his claims, as well as his "Pay-when-reduced" plan. If you want to rid yourself of superfluous fat, write him today, addressing Dr. R. Newman, 286 Fifth Avenue, New York City, Dept. R. Adv.

of Victor Records. The first volume comprises five new double-faced Victor Red Seal Records. Three contain Schubert's "Unfinished Symphony" by Stokowski and the Philadelphia Orchestra, two the Schumann Quintette by Gabrilowitch and the Florenz Quartet. The records are grouped in an attractive album with illustrations and facts about the music, composers and artists. This combination in one book will broaden every music-lover's enjoyment of these new Victor products. To assure such added enjoyment the finest efforts of the Victor Company and its artists have been put into the recording of these two famous compositions, and the issuing of them in this new form.

Symphony in B Minor ("Unfinished") (Schubert) Stokowski and Philadelphia Orchestra	DOUBLE-FACED Number Price
[1st Movement—Part 1]	6459 \$2.00
[1st Movement—Part 2]	6460 2.00
[1st Movement—Part 3]	6461 2.00
[2nd Movement—Part 1]	6462 2.00
[2nd Movement—Part 2]	6463 2.00

The Philadelphia Orchestra under Leopold Stokowski here presents a contribution of the highest beauty and importance to the permanent music of the world—the immortal Unfinished Symphony of Franz Schubert. Three records are necessary to give it in full. It is a masterpiece of music, and a masterpiece of recording.

Quintette in E Flat Major (Schumann) Piano, Two Violins, Viola, Cello Osep Gabrilowitch with Florenz Quartet

[1st Movement]	6462 2.00
[2nd Movement]	6463 2.00
[3rd Movement]	6464 2.00
[Finale]	6465 2.00

These extraordinary ensemble records introduce Osep Gabrilowitch, internationally famous pianist, composer, and conductor of the Detroit Symphony Orchestra, as a Victor Red Seal artist. In conjunction with the Florenz Quartet, he has recorded, entire, this monumental quintette for piano and strings—an achievement of the highest musical importance.

Melodious Instrumental

[What I Do (from "The Music Man Revue") Victor Salos 19433 .75]
Marcheta (Love Song of Old Mexico) Orchestra

First record by this remarkable artist-organization. An enormously popular work arranged as a concert number with a whole melody in violin-ensemble and a companion score with exquisite artistry.

Light Vocal Selections

[Hard Hearted Hannah Belle Baker 19436 .75]
[Sweet Little You Belle Baker]

Fox-trotty songs, the first of them in the manner of the African sister. You may have danced to "Sweet Little You." Fetching numbers, pleasingly sung, and clearly and strongly recorded.

[How Come You Do Me, Like You Do? Frank Crumit 19437 .75]
[Knock at the Door Frank Crumit]

Two songs in the "blues" rhythm, but happier in general idea. The melodies are light and catching; they are sung to the piano.

Dance Records

[Ten for Two—Fox Trot The Benson Orchestra of Chicago 19438 .75]
[I've a Garden in Sweden—Fox Trot Waring's Pennsylvanians]
[A Melodious, light, springy fox trot, with dainty changes of key; and then a jolly companion for it, robust and full of color.]
[She Loved Me—Fox Trot International Novelty Orchestra 19439 .75]
[Sioux City Sue—Fox Trot The Virginians]

Two hilarious numbers. The first has unusual piano and saxophone rhythms; the second begins—and ends—to the choo-choo of a big locomotive.

J.W. DAVIS ENDS NEW YORK DRIVE

Nominee on His Way Home to Register Today

STARTS NEW TOUR FRIDAY

To Spend Next Two Weeks Campaigning in Midwest

ON BOARD DAVIS TRAIN, EN-ROUTE TO NEW YORK — (By Associated Press) — His campaign drive in upper and western New York ended, John W. Davis, Democratic candidate for president, swung east today, headed for New York city to prepare for a two week tour of the middle west.

Davis boarded his train immediately after his speech in Buffalo last night. He and friends who escorted him from the auditorium to the railway station, that while the New York trip had been strenuous, he felt more than compensated.

On arrival in New York city the candidate arranged to go direct to his home in Locust Valley to register so he could vote in November.

On the western tour, scheduled to begin Friday evening, Davis will go first to Richmond and Indianapolis, Ind., arriving Saturday. A swing thru LaFayette and Terre Haute will be made and later visits to Springfield and East St. Louis, Ills., St. Louis, Mo., Nashville, Tenn., Louisville, Ky., Evansville, Ind., Cincinnati, and to New York city by October 25.

At least part of the nine days intervening between the return to New York and November 4 will be given over to a new drive in New England territory.

RICHLAND-TP SCHOOLS SHOW HEALTH GAIN IN PAST YEAR, NURSE SAYS

Children in the Richland-tp schools this year show a great improvement in general health over that of last year, Miss Charlotte Bassett, school nurse, said Wednesday after having visited several of the schools in the township and examined the children.

Miss Bassett found that many of the pupils had taken health advice given by her last year and benefited greatly by it.

The school nurse will finish her examination of the Richland-tp schools next Tuesday. On Thursday she will examine the children in Bucher school; on Friday those in Gratz; on Monday those in Hilly and on Tuesday those in Hillville.

Gladly Recommends Lydia E. Pinkham's Vegetable Compound

Lebanon, Nebraska. — "I was married twelve years before my boy was born. I had a lot of female troubles and had been treated by a physician for them but they continued much the same. Then I read your advertisement in the newspapers and thought I would give Lydia E. Pinkham's Vegetable Compound a try. I am now a happy mother and I sure am glad to recommend the Vegetable Compound so that they will get the right kind of medicine. — Mrs. J. M. Novak, Box 62, Lebanon, Neb.

In a recent countrywide canvass of purchases of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 trip to the drug store were for this medicine. For sale by druggists everywhere.

Congoleum Week Ends Saturday!

Your Last Opportunity to Buy Nationally Advertised Congoleum Rugs at Special Bargain Prices

When the stores close Saturday night, Congoleum Week comes to an end. The special bargain prices which have prevailed all this week will be withdrawn. Your opportunity to buy America's most popular floor-covering at these reduced prices will be gone.

If you have used *Gold-Seal* Congoleum Rugs you know their beauty—their remarkable money and labor-saving features—and you cannot fail to appreciate the bargains that these special prices represent.

If you have not yet had Congoleum in your home, you should see what beautiful, sanitary, and practical floor-covering you can buy for amazingly little money.

Labor-Saving—Money-Saving

Let *Gold-Seal* Congoleum save you hours of cleaning time; hours of hard work; save you money! Let its rich, glowing colors brighten your floors and decorate your home throughout the year. But you must make your purchases before tomorrow night to get the benefit of the big reductions in price.

Beautiful Patterns for Every Room

Gold-Seal Congoleum Art-Rugs are famous for their beautiful patterns. You will find Oriental motifs in warm, rich tones for living and dining-room—dainty flowered patterns that bring a fresh, bright look to bedrooms—and, for kitchen, bathroom and pantry there is a fine range of conventional designs.

Waterproof and Easy to Clean

Gold-Seal Congoleum is waterproof, and germ-proof. Neither dust, dirt, nor spilled liquids can penetrate its smooth, sanitary surface. A quick going-over with a damp mop makes Congoleum as spotless as when new—its colors fresh and sparkling.

Lies Flat Without Fastening

No tacks, nails, or cement are ever required to hold it in place. It never curls or "kicks up" at the edges.

Gold-Seal Congoleum By-the-Yard

The same durable, waterproof material as Congoleum Rugs, and made in tasteful designs for use over the entire floor.

Gold-Seal Congoleum Rug-Border

If it is desired to cover the floor space between a large centre rug and the walls, there is Congoleum Rug-Border in several realistic reproductions of hardwood flooring.

Genuine, Guaranteed Goods

All the *Gold-Seal* Congoleum offered in this sale is fresh, new goods. All of it carries the famous Gold Seal pledge of "Satisfaction Guaranteed or Your Money Back." Remember, there is only one "Congoleum" and it is identified by the Gold Seal pasted on the face of every pattern.

This is Your Last Chance

If you put it off too long something may prevent your going. And then you will have to pay more for your Congoleum. After tomorrow, prices will positively go up to their former levels.

VALUABLE RELIC
UNEARTHEDMassive Triumphal Arch on
Antioch Site Found

FOURTEEN FOOT SPAN

Wheat Profiteering Twenty
Centuries Ago

YALOVACH, Pa., Nov. 1.—(By Associated Press.)—The remains of a massive triumphal arch believed to have been erected in the early part of the first century, and a head of Augustus, were unearthed among archaeological finds which have been unearthed by the University of Michigan expedition which is excavating under the direction of Prof. David M. Robinson, of Johns Hopkins University, on the site of Antioch, in Asia Minor. It was this expedition which recently uncovered the foundations of a large early Christian church.

The arch, which was recently discovered, stands on a rock near the base of the hill on which the city stood. The road probably connected with the highway to Laodicea.

The arch had a single passage way, with a span of about four feet. The arch is composed of three arches, each of which was supported by a massive pier. They were embellished with sculptured pilasters, and carried two varieties of the Corinthian order. The arches and the piers are built of masonry, and the entire structure is in excellent condition. One of the arches is high, and the other two are low. The arches are built of masonry, and the entire structure is in excellent condition.

PRICE CONTROL.—Important among other recent finds is the head of Augustus, which in respect to its artistic and expressive is reported to rival the best of the remarkable series of sculptured portraits of this emperor in European galleries.

Among interesting discoveries is a long Latin inscription in which are recorded the efforts of Augustus (Rusticus), a Roman governor in office near the end of the first century to control the price of grain in times of famine, so as to prevent profiteering, and to provide sufficient food until the next crop. This Augustus died in Asia Minor and his ashes were carried by his wife Livia to Rome in a small urn. In her hands all the way to Italy, the devotion is recorded in a famous epitaph by the Roman poet Martial, who was a contemporary.

The ruins of Antioch in Pisidia are near Yalovach, northwest of Pontus, which was the ancient seat of the Antioch and Iconium had much reputation in the early

USE SULPHUR TO
HEAL YOUR SKINBroken Out Skin and Itching
Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar of Howles Mentho-Sulphur from any good druggist and use it like cold cream.

DAWES CARRIES HIS
FIGHT INTO WYOMING

DAWES SPECIAL ENROUTE TO CASPER, Wyo., LONG PINE, Neb. — Charles G. Dawes, Republican candidate for vice president, carried his speaking campaign today from the prairie region of the middle west into the plains state of Wyoming.

The trip into Wyoming today for two speeches, a rear platform at Casper, and an afternoon speech at Cheyenne, represented the farthest west that Dawes will reach. Plans have been tentatively made for an eastern tour after the present trip and it has been virtually decided that he will conclude his campaign in the middle west.

Dawes after his address at Casper will spend tomorrow in Nebraska, speaking from his train at Grand Island, Columbus and Fremont, and a night mass meeting in Omaha.

MILEAGE REPO. IS SOUGHT

State Accounting Bureau Asks
for Road Data

HIGHWAYS TWO YEARS OLD

Charles Ash, Resident Engineer to Prepare Figures

Altho certain section of highway in Allen co., improved jointly by state and county have been completed some two years or more, the mileage has never been certified for inspection by the state bureau of accounts, it was learned Thursday.

It is the duty of the county commissioners to certify the amount of final feet of pavement in each township, so that the taxes to be assessed can be properly proportioned.

The state usually pays for half of the improvement the county for 25 per cent and the township and abutting property owners the remainder.

Without an accurate idea of the number of feet of pavement in each township, the tax account cannot be audited.

REQUEST RECEIVED

Thursday written request was made by J. N. Main, state examiner, for the number of final feet of pavement in each township. The request was made at the division of highways, office, in the form of letter to Charles Ash, resident engineer.

Ash will prepare a report on the following roads:

Lima-Sandusky-rd., or Dixie highway in Bath and Jackson; Harding highway, sections A-2; B; C-1, and C-2 in Bath, Perry, Jackson and Auglaize-rd., and on Section F of the Harding highway west of Lima in American and Marion-tps.

No request for the number of final feet in the roads has never been made previously, Ash said, altho the roads in question were completed two years ago.

He was of the opinion that the assessment has not been laid on the townships affected, or if it has there is nothing on file to show whether the amount is correct or not.

Commissioners some time ago placed on assessment against the various townships, amounting from 0.20 mills to one mill, for the cost of state highways, but there is nothing on record to show how the various rates were arrived at.

Ash said it will take some time to obtain the figures Main asks for, as he will have to go back thru the records of the division office during the time J. P. Shoemaker and C. C. Clements were in charge, during the Harry L. Davis regime.

MRS. MANNON OFFERED FACTS TO THE PUBLIC

Remarkable Statement Made
By Well Known Local
Woman.

Mrs. Julia Mannon of 365 N. Park Ave. made a remarkable statement recently about the relief she had experienced through the use of Peppen, the new herbal discovery being exclusively introduced through the Hunter Drug Stores.

"My principal trouble," said Mrs. Mannon, was attacks of gas and bloating after my meals. I also had a pain right across the small of my back. Often it was so severe at night that I could hardly get any sleep.

"I felt tired and worn out all the time and in the mornings I did not have a bit of energy.

"Peppen had been recommended to me, so finally I went to Hunter's Drug Store and got a bottle. I only wish I had gotten this medicine sooner, for it began to help me almost from the very first dose.

"Now I am in fine health. My stomach is well and strong and my nerves are steady. I sleep sound at night and in the morning get up feeling fresh and rested. Peppen is what helped me and I can honestly say it is a valuable medicine."

Peppen may be obtained in Lima only at the Hunter Drug Stores, 49 Public Square and corner Main and Wayne Sts., and The Argonne Store.

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

FAILURE DUE TO CHURCHILL

BY J. W. T. MASON
(By United Press)

Overthrow of the British Labor government is due primarily to Winston Churchill who was defeated at the last general election but who now may make a spectacular comeback as prime minister of a Liberal-Conservative coalition ministry.

Churchill's mother was an American and if he succeeds to the premiership, American blood will have attained to the highest British political office for the first time and in a contest somewhat like the present American political campaign.

Churchill who began in politics as a Conservative and then became a Liberal, recently announced his return to his original alliance. Conservatives of the Eppin constituency adopted him as their parliamentary candidate and Churchill at once began an anti-socialist campaign. He has an uncanny instinct for detecting political weaknesses in the enemy. He saw his chance in the withdrawal of the government's prosecution against S. R. Campbell, acting editor of the Communist "Workers' Weekly," accorded of the situation. Churchill launched an attack on the attorney-general Sir Patrick Hastings, inviting the support of all anti-socialists.

Churchill's lead was taken up by the Liberal and Conservative members of the House of Commons and has resulted in the downfall of the MacDonald ministry. The new general elections now to be held will probably give no party a full majority in the House of Commons. The Laborites are unlikely again to be allowed to hold power by the consent of either of the elder parties.

FAMILY WELFARE PICK LEADERS

Annual Financial Campaign
Opens Here Oct. 27

Division leaders for the annual financial campaign of the Family Welfare association to be staged during a portion of the week of Oct. 27, were named at a meeting of the board of directors of the association Wednesday night.

They are: Rev. E. Bruce Jacobs, A. C. Calacab, Frank Sheuk, Mrs. Beecher Moke, Mrs. Dave Rosenheim and Mrs. Elmer Roberts. These leaders will select their captains during the present week and a luncheon conference will be held Oct. 20.

The campaign opens with a luncheon for all workers on Oct. 27 and closes Thursday night of that week. A quick, thorough intensive campaign is planned by the workers.

That good work is being done by the association is shown in the report for the month of September. Families to the number of 150 were aided and 600 children were under the care of the association. Coal, groceries, clothing and other supplies were given.

In addition relatives were notified and aid collected from them from needy families, thus relieving the association and the charitable organizations, and deterring husbands found and forced to support their families.

KAISER'S UPKEEP IS COSTLY

Five Year Wrangle Borders
Near Court Crisis

FORTY MEMBERS KEPT

1,125,000 Marks Annually
Are Asked for Household

BERLIN.—(By United Press)—Prussian Finance Minister von Richter is nettled with the business methods of former Kaiser Wilhelm II.

He has discovered that the Kaiser is insatiable in his demands upon the German republic, in connection with the settlement of his estates in Prussia.

Von Richter claims that in the course of negotiations covering five years the Kaiser has raised the ante on the Prussian government. The Kaiser's representative, Excellenz von Berg, says the Hohenzollern house, including 40 members, needs 1,125,000 marks yearly income to keep the wolf from the door.

Von Richter responds that he in no wise desires to put the former Lord of Prussia on starvation rations, but he estimates that 115,000 acres of valuable farm and forest land in Germany, plus a few castles, running into millions of marks in value, will yield several times the minimum requirements set by the Kaiser.

On the other hand, von Berg reached the conclusion that the Kaiser needed at least 400,000 acres and that the settlement proposed by the Prussian state would bring the royal family not over 1,000,000 marks a year.

DEMAND SHOWDOWN

All of which led von Richter somewhat testily to announce that he thought it just as well to have a showdown in the courts with the Hohenzollern house. Whether this showdown will come is uncertain. The Kaiser's supporters hope von Richter makes good his threat, saying that the republic is destined to lose if the old time judges have a crack at the case.

Meantime, the socialists are crying that it is high time for Prussia to put an end to the "scandal" connected with trying to reach a settlement with the Kaiser's family.

Workmen existing on a small wage or perhaps eking out a meagre existence with unemployment doles, say that there is nothing to prevent the Kaiser's sons from going to work. They are all able-bodied. As for the Kaiser himself, they are willing he should have some of his private property back, but deem it rather absurd that there should be an argument for five years as to his "rights," after his vanity brought a catastrophe to Germany and after he had fled in terror to Holland.

The royal estate separation of state and private property of the Hohenzollern line has been going on ever since the so-called revolution of 1918. At that time the revolutionists issued confiscation orders covering the royal property really belonging to the state. Subsequently confiscation orders were laid upon the entire Hohenzollern holdings, whether private or state, and a state administration was placed over the property. Two revolutionists however did not do their job thoroughly. The administration was solely a trusteeship with the whole question of who belonged to what left open for later decision.

It has been frequently said that if the German revolution had been a real one, it would have been quickly decided what, if anything, should be left over to the royal family.

CINCINNATI.—(By Associated Press)—Jake Daubert, captain of the Cincinnati Reds, died early today at Good Samaritan hospital.

Death came to the veteran baseball player after a valiant fight against complications which set in following an operation last Thursday for the removal of his appendix. Blood transfusion was resorted to yesterday in an effort to prolong his life, but the illness had so absorbed his vitality that it was of no avail.

Daubert's condition first became aggravated on the last eastern trip of the Reds when he was taken ill in New York. Manager Jack Hendricks sent him to his home in Schuylkill Haven, Pa., and his sudden departure led to reports that Daubert would be engaged to manage a minor league club.

ADVICE DISREGARDED

He remained at home several days and then came on to Cincinnati and played in the last game of the season at Redland Field on September 27. Dr. Harry H. Hines, club physician, said Daubert disregarded the advice of his physician in returning to the lineup. Later, he remarked to Dr. Hines it probably was his last game in the major league and he

Against Complications

CINCINNATI.—(By Associated Press)—Jake Daubert, captain of the Cincinnati Reds, died early today at Good Samaritan hospital.

Death came to the veteran baseball player after a valiant fight against complications which set in following an operation last Thursday for the removal of his appendix. Blood transfusion was resorted to yesterday in an effort to prolong his life, but the illness had so absorbed his vitality that it was of no avail.

Daubert's condition first became aggravated on the last eastern trip of the Reds when he was taken ill in New York. Manager Jack Hendricks sent him to his home in Schuylkill Haven, Pa., and his sudden departure led to reports that Daubert would be engaged to manage a minor league club.

ADVICE DISREGARDED

He remained at home several days and then came on to Cincinnati and played in the last game of the season at Redland Field on September 27. Dr. Harry H. Hines, club physician, said Daubert disregarded the advice of his physician in returning to the lineup. Later, he remarked to Dr. Hines it probably was his last game in the major league and he

CHURCH SCOUT TROOP IN REORGANIZATION

Reorganization of Troop 4, Boy Scouts, was held Wednesday night at Christ church, Episcopal. E. D. Collins and Bruce Keating were named to lead the troop, one of whom is to act as scoutmaster and the other as his assistant.

The present 12 members of the troop are to begin work immediately to enlarge the troop to full quota of 32 members. Plans were also made at the meeting to challenge any other troop in the city to some kind of a scouting contest and also to hold an outdoor meeting some time this month.

"Welcome Winter With A Wolverine"

ROOSEVELT IN AFRICA

by W. Robert Foran

BEGIN HERE TODAY

Robert Foran, newspaper correspondent, accompanies the Theodore Roosevelt expedition into Africa in 1906. They arrive at Mombasa, the gateway to British East Africa, and then make the long railroad journey to their first camp in the game-crowded Kapiti Plains.

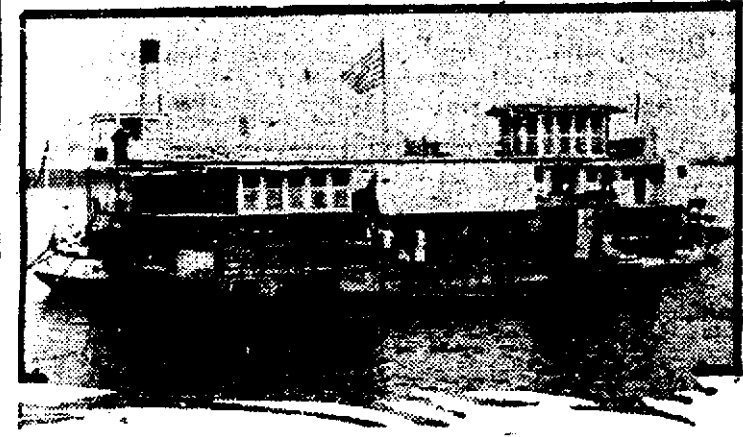

After a wonderfully successful shooting trip in the bush country, the expedition camps for more hunting at a farm called Salsai-Sai. After several other trips they invade the game Nyero elephant country and meet with some more success. The Roosevelt expedition is given royal receptions at Njoro and Entebbe. Now the expedition arrives at Nimule on the long journey through Uganda, the Congo and the Sudan to Egypt. Foran learns that Roosevelt's arrival at Gondokoro will be postponed because of a newly planned elephant hunt.

NOW GO ON WITH THE STORY CHAPTER XXIX

Roosevelt at Gondokoro

The Roosevelt expedition, headed by Colonel Roosevelt and Kermit, arrived at Gondokoro on the early morning of Feb. 17.

All the residents of this little outpost on the borders of Uganda and the Sudan had assembled on the outskirts of the station at the point where the Roosevelt would enter the village. The first to ar-

THE "DAL," SCENE OF KERMIT'S HEROIC ATTEMPT AT RESCUE

rive was Kermit, and he was quickly followed by Mearns. They joined us to wait for the arrival of Colonel Roosevelt and the big safari.

Suddenly, from the distance, came the music of a bugle and drum band playing, alternately, British and Belgian bugle marches. And then the long string of porters came round a bend in the road. At their head marched a porter, carrying the large American flag that had accompanied the expedition for the past 11 months. Immediately behind them walked Colonel Roosevelt and Loring. Everybody cheered as they recognized him.

They had marched in from Chief Kiriba's village, a distance of 16 miles, since 3 o'clock in the morning.

Immediately behind Colonel Roosevelt came Chief Kiriba, who was dressed in a khaki suit, the sun helmet and gun slings that I had given him, and blue puttees. Every now and again he would turn round and urge his band to play more vigorously and louder in honor of the "Kingi ya Amerik."

It appeared that Chief Kiriba had insisted on playing the column into Gondokoro, for the whole distance of 16 miles, despite the protests of Colonel Roosevelt, who wished to shoot as he traveled into Gondokoro. The band, however, rendered any game shooting entirely out of the question.

Behind the column trailed along the mules, tent boys, cooks, guides, gun bearers, Salim the headman and his porters with their loads, and all the other implements of an African safari. That endless stream into Gondokoro continued for a space of three hours. Cunningham and Heller were the very last to arrive.

I took Colonel Roosevelt and Kermit down to the "Dal," where Captain Middleton was introduced to them and told how he had been sent up to bring them down to Khartoum by the Sudan government.

Above the "Dal" fluttered the Stars and Stripes, while in the green floated the Sudan flag, and in the bow the Egyptian Khedival flag. Truly was this an international yacht!

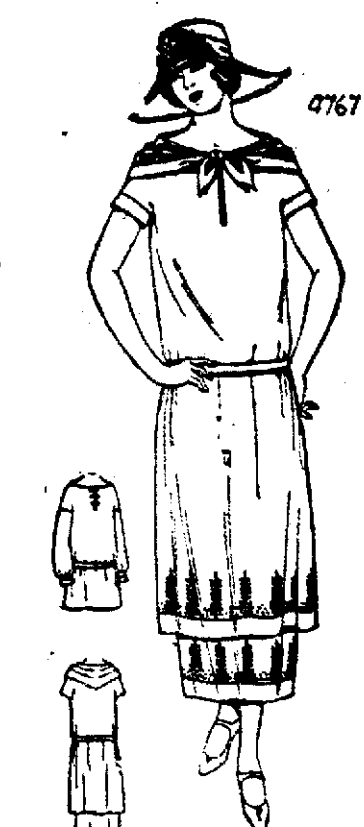

After lunch was over, Kermit and Loring distinguished themselves by a most heroic attempt to rescue a drowning porter. It happened that, while playing on the bank along side of the "Dal," one of the porters had pushed another into the Nile. Unfortunately the man could not swim, and he had already sunk twice before Kermit and Loring saw what had happened.

There was a large crowd of natives on the bank, but they made no attempt to rescue the man. Kermit could get to the edge of the "Dal" and dive in the Nile and save him. Kermit did so, and the man came up a third time. Kermit dived repeatedly into the Nile, and in the hope of saving the man's body and saving him, but the current travels here at the rate of four miles an hour and all his gallant attempts to save the man proved unavailing. Loring gave Kermit a most heroic assistance, and both of them were absolutely indifferent to the danger of the current and the numerous crocodiles.

That night Colonel Roosevelt gave a dinner on board the "Dal" to celebrate the end of the expedition, for this was virtually the conclusion of it. Yet at the dinner table, he announced that while Cunningham was busy with the packing of the trophies, Kermit and himself were going to go back to Rejaf in the Lado Enclave and try to get a group of giant eland.

This was to be the first and last hunt on a large scale that father and son would undertake together without the assistance of an old timer to handle their porters for them. Kermit had learned quite a lot of Kiswahili and was going to act as guide, hunter, photographer, manager and general.

An Intimate Story of Innermost Emotions Revealed in Private Letters

LETTER FROM JOHN ALDEN FRESCOTT TO SYDNEY CARTON, CONTINUED

You know he learned to walk after Leslie left for her father's house, and Nora was so anxious to show him off that she placed him on the floor. He was so eager to reach his mother that his little legs doubled up and he fell sprawling. You could hear him yell for a block.

Leslie and I both made a dive to pick him up, and our heads bumped together with such a crack that she was almost knocked off her feet, and the kid cried harder than ever. For a moment I, too, was stunned, but an exclamation from Mrs. Hamilton, I found blood running down my face. Some of it must have gotten into my eye, for I really thought I was blinded.

You see, Leslie had dived up her bobbed hair with a circle comb surmounted by a wreath of flowers and it had cut my head, and for a moment I was sure it had entered my eye. That immediately cleared the air and I was awfully glad it had been done, for I thought we wouldn't have to have any explanations. I just pulled Leslie down to me and into my kiss went a lot of my suspicions and unhappiness. Indeed, there was almost all of my wounded pride.

I felt her grow cold under my passionate kiss. She grew limp in my arms—she had fainted. I do not think I was ever so frightened in my life. I thought she was dying. Poor little Jack was taken away protesting with all his might. Mother, Hamilton and I quickly got Leslie to bed, and she went for the doctor.

Leslie did not quite recover consciousness until the next morning then when her eyes opened and found mine looking into them, such a radiant look came into her face. She pulled my head down close to her lips and whispered to me that she is going to have a baby!

I cannot tell you how terribly I felt. It seemed to me Leslie would never forgive me if by any happenstance her baby would be a boy and she would feel that my child by another woman bore his father's name and all the honor that would come to an eldest son.

Some of the consternation I felt must have shown in my face, for with trembling lips she asked: "Oh, Jack, aren't you glad?"

"I looked at her in surprise, then I realized what a big woman she was. I don't believe she had even thought of little Jack as anything but her own son. For just at that moment the baby came nearer the door, and we heard his tearful voice saying: 'I want my Muvver. I want my Muvver!'"

For a moment, Sid, my heart stood still. It seemed to me the fight had begun. Here was one boy calling "I want my Muvver!" and the other child as yet inarticulate. But in my heart, and I know in Leslie's, was the feeling that he would come into the world with the same battle cry.

Over Leslie's face passed the most beautiful smile I had ever seen: it made it Madonna-like in its soft beauty. Her arms went out as though she could not wait to clasp the boy she had not borne but the boy who was absolutely locked within her heart.

"Open the door, Jack, and let TOMORROW: The letter continued.

O'Hara Pleases

Fiske O'Hara, jovial and care free, proved very acceptable to those of Lima's theatre fans who appreciated good clean comedy enough to go and see him and his capable company at the Faurot Opera house Wednesday night.

That Lima audiences do not have to be on the capacity order to show visiting artists that their work is really appreciated was demonstrated at this performance of O'Hara and his aides draw round after round of laughter and applause.

The plot was simple. In "The Big Mogul" Peter Quilt has obtained a fortune of several million dollars and has gone to New York City. Van Corland Lamb and his allies have determined to get the money. Lamb's daughter Marie suspects what may happen and goes to warn Quilt. In an unexpected manner she is engaged as his secretary and in the course of events falls in love with him.

The Lamb program goes thru as planned and Quilt is broke. He discovers that his secretary is his daughter and then the complications of the play begin. In the end Peter gets his money back and wins the girl. Miss Pat Clary made of very pleasing Marie Lamb and other members of the company were well cost. In the concert during the second act Miss Patsy O'Brien and O'Hara rendered several songs. Miss O'Brien has a very pleasing voice and personality and was well liked. O'Hara's liability is too well known to need any special comment except that his voice seemed better than in past seasons. It was a very enjoyable performance.

Escapes Coffin

Securely strapped in a straight chair and then placed in a casket with the lid strapped down, all under the supervision of Fire Chief John Mack and Capt. George Strick of the police department, Mysterious Smith made his escape in three minutes. The escape took place at the New Orpheum theatre Wednesday night and will be repeated Thursday night.

The third complete change of program for the week will be seen Friday. "Burning Woman Alive" will be presented.

"Abie's Irish Rose"

One of the laughing hits of the last several years has been "Abie's Irish Rose." Last year it proved one of the most popular shows booked at the Faurot Opera house and it returns to that theatre on Oct. 16 for a four days' run with two matinees.

The original company is still appearing at the Republic theatre in New York city and seems to be in for another full season at least. Several companies are on the road and everywhere the report is the same—"Big crowds with everybody well pleased." All this in view of the fact that critics at the time condemned the play to failure.

The story of the play deals with the marriage of a Jewish boy and an Irish girl, first secretly and then again in rapid succession by a Rabbi and a Roman Catholic priest in an effort to please the irate fathers. The theme is handled in such a deft manner that there is no offense, only plenty of hearty laughter. The company which will be seen here recently closed an 11 week's run at the Majestic theatre in Buffalo and prior to that had played 14 weeks at Montreal, Toronto, and Washington, D. C., as well as other week engagements in other cities.

Seat sale for the performances will open next Monday.

This story, also by Zane Grey, is a typical thrilling, two fisted sort of yarn that made Mix famous and, from advance reports, it will be one of Tom's best.

Marian Nixon, who has been seen opposite Charles Jones in several of his recent Fox starring vehicles, makes her first appearance as leading lady for Tom Mix in this production. Others in the cast are Brinsley Shaw, Frank Nelson, Lucy Beaumont and Harry Lonsdale. Tom's famous horse, Tony, also has an important part in the picture.

NEW YORK—(By Associated Press)—Stock prices displayed a fine tone at the opening of today's market. With silver selling at the highest prices in two years there was a good demand for stocks of copper companies. There were large gains, however, being of a fractional nature. Public utilities and affiliated issues, which were sharply depressed yesterday, made partial recovery. General Electric rising a point and American Water Works common 1/4.

Prices swung upwards soon after the opening. American Water Works advanced 3/4. U. S. Industrial Alcohol advanced 3/4 and West Penn Power, Manhattan Guaranty, General Electric, Baldwin, American Can, American Smelting, Air Reduction and Illinois Central were among the scores of issues to advance a point or more. U. S. Steel, Mack Trucks and many other popular issues advanced fractionally. Foreign advanced irregular with exchange strength of sterling, which advanced about a cent to around 44 1/2 as the chief feature.

Stock prices developed impressive strength during the morning trading. Buying orders which appeared to come largely from the short interests was spread over a broad list, but the volume of trading was relatively light, indicating a scarcity of stock at current levels. Bullish sentiment was created by the completion of negotiations for the \$200,000,000 German loan and the increasing indications of trade improvement.

More than 50 issues advanced a point or more above yesterday's closing quotations. St. Joseph's Lead, Jordan Motors, Goodyear, preferred, Tobacco Products, A. and W. Electric, Express, old and new issues, attaining new peak prices for the year. Nash Motors jumped five points, recovering its common loss. American Water Works common extended its gain to 1/2 point and Manhattan 4 per cent guaranteed. Railway Steel Spring, West Penn Power, and General Electric sold 3/4 to 4 points above yesterday's final figure. Call money renewed at 2 1/2 per cent.

Steel production for the month of September was 2,314,996 tons, an increase of 10 per cent over August and 60 per cent over July, the low point of the year. Production for the year, however, shows a decrease of 26 per cent over the same period of last year.

Railroad buying of cars so far this year is 108,000 as compared with 87,487 last year. The railroad is now fully prepared for the handling of the additional car weeks for the balance of the year.

Rumor says the Moon Motor Co. and the Gardner Motor Co. will be merged. Nothing official has been made public, however.

A large increase in U. S. Steel shares is expected to be revealed under the monthly report is made public today. The gain in U. S. Steel was 102,000 tons and it is understood the gain for September may run above 200,000 tons.

Illinois Central is to offer \$11,000,000 in common stock to be used to finance the 1925 development program.

NOTICE OF ELECTION
The Board of Education of the City of Lima, Ohio, hereby gives notice that the election of the Board of Education for the year 1925 will be held on the 4th day of November, 1924, at 8 o'clock P. M. in the City of Lima, Ohio.
